CHICAGO EAGLE LIVE SPORTS**JOHNNY BUFF IS NOW PREPARING TO TAKE HIS TITLES TO EUROPE**

A Composite Picture of Jimmie Wilde (on Left) and Johnny Buff (on Right).

Johnny Buff, holder of one American and one world title, is going to cling to his present laurels until they have been wrung dry of what monetary value they possess. The little old man of the ring is going to see the world before he mingles with persons who are apt to relieve him of his prestige. A wise boy is Johnny.

Seeks Easy Picking.

According to the best information the bantamweight champion is going to leave these turbulent shores and seek the easy picking offered by the British isles and the rest of Europe. How easy this picking is remains to be seen. Across 1,500 miles of the North Atlantic it looks soft—very soft, indeed.

Johnny Buff will go to Europe as the magic youth capable of defending two titles, the fly-weight and the bantamweight, at their prescribed poundage, which is something that probably has never been done before. He

can trim down to the figures necessary to relieve Jimmy Wilde of the world's flyweight honors and can trim up to the physical requirements for displacing some of the best bantams grown abroad.

Fight Managers Protest.

This overseas program for Buff has very naturally, aroused a storm of protest from the managers of fighters of his division in this country. They are raising the claim that Johnny is a phony champion and that he should fight over again the men he has beaten in his long, hard drill to the peaks of two divisions.

If Johnny smirks at these protests and gives the criticism the diplomatic recognition it deserves, he will be doing his little bit. He has as much right today to go abroad and earn what shekels he can at the present rate of exchange as any of the American fighters had who preceded him, and they are many.

BRILLIANT FUTURE FOR STAR

Hugo Bezdek is Enthusiastic Over Glenn Killinger Signed by New York Yankees.

"If Glenn Killinger doesn't prove as big a sensation in major league baseball as he was in college football I'll miss my guess sadly," says Coach Hugo Bezdek of Penn State.

"Killinger is one of the greatest football players I have ever seen," continued Bezdek. "He should prove as

Glenn Killinger.

brilliant in baseball. He has the physique, temperament and natural ability to develop into a star. Also he has the love of the game and the ambition.

"Killinger played third base for me, but he can play anywhere in the infield or outfield and do it well.

"Hitting is his only doubtful feature. As a college hitter he did well. Big league pitching, however, is different."

Killinger has been signed with the New York Yankees and will go South with them in the spring.

BILLY HOY MADE BIG RECORD

Famous Mute Ball Player Had Forty-Five Assists in Outfield While With Chicago Americans.

Billy Hoy, the famous mute ball player from 1880 until 1902, seemingly holds the record for the greatest number of assists from the outfield for one season. In 1900, while with the Chicago Americans, Hoy had 45 assists in 137 games he played. Mike Mitchell, who was with the Cincinnati Reds in 1907, and Harry Niles of the St. Louis Browns of 1906, each had 39 assists and since those seasons have been accepted as the best records in this respect.

If the baseball guides are correct for 1900, then Billy Hoy holds the record for assists from the outfield in the major leagues. Hartman, playing right field for the St. Joseph club of the Western league in 1902, had 59 assists from his position in 139 games.

YANKS CAPTURE 1921 TITLES IN SPORTING

Polo and Tennis Were Outstanding Features.

Time and Space Saved by Enumerating Events in Which United States Met Defeat—Tilden and Hutchison Victorious.

International sport had its climax during the year which is drawing to its close. If a person touches only the high spots the list is a long one. The coming season of 1922 may surpass the present one in the multitude of important events, but it'll have to step lively.

The two surpassing items, the competition for the Davis tennis trophy and the International polo cup, were both won by the American teams. This is highly gratifying, writes Malcolm MacLean in the Chicago Post. Notably in the case of the Davis event was the United States' triumph one of surpassing interest. More nations entered the play than ever before in the history of the famous emblem, and this country fought it out in the challenge round with the representatives of Old Nippon.

After a spell of resting in England, the International polo cup was brought back home. This series produced a brand new star in the ranks of champion polo stars, young Mr. Hitchcock, who is little more than a lad.

William Tilden, the world's greatest tennis player, not only made things hum in the Davis cup competition, but also captured the British title, the New Zealand crown and the international hard court championship.

This country has reason to feel proud of the victory of Jack Hutchison in the British open golf championship.

In fact, so many victories were captured by the United States that it will save time and space to record the few in which they were defeated.

Willie Hunter kept a swarm of Yankees from wresting away the British amateur golf title, Miss Cecil Leitch guarded the British women's tennis singles title successfully. Great Britain won the international 6-meter boat series, Canada swatted the United States in trap shooting and the girls' teams in hockey and soccer from the British Isles were triumphant.

Outside of that the Americans gobbled about everything in sight.

thusiast, and what is more, can play a very good game. In the round with Anderson he scored a 78. It was at Sunningdale. Wells has the advantage of playing with all of the leading pros and amateurs, and his game has improved constantly. He has some idea of turning professional.

FOOTBALL BUILDS STADIUM

University of Wisconsin Officials Use Gridiron Receipts to Erect Athletic Enclosure.

Of the many universities throughout the country that have just completed or are rushing to completion new stadiums to take care of increasing football crowds, the University of Wisconsin is the only institution which is paying for its new stadium out of its own football proceeds.

"The concrete stadium is being built entirely from gate receipts," said Director T. E. Jones of the Badger athletic department, "and we have received many commendations from friends and newspapers on the fact that we are building on our own funds."

The university regents have just approved a \$30,000 appropriation out of the football receipts last fall for the latest addition to the partially-completed project. The new addition will take the place of the old wooden stands and will be built on to the portion finished last fall. It will be twenty-eight rows and beneath the stands new dressing rooms and shower baths will be installed for the home and visiting teams. The new section will seat 4,000.

Sentence for Player Who Struck Opponent

A sentence of 15 days in jail and 10,000 francs damages has been pronounced by the French court of appeals against a football player, Langenove, for striking an opposing player with his fist during the course of a Rugby game. The lower courts had imposed a sentence of four months in jail and 5,000 francs damages. "Brutality is incompatible with real sport," says the judgment.

CENTRE ON HARVARD'S LIST

Crimson Football Schedule for 1922 Will Not Differ Materially From That of 1921.

The Harvard football schedule next fall will differ only in a few games from that of last year, probably. Until the Crimson success against Yale it was planned to make the list of games much lighter. Now, it is understood, the plans contemplate including Penn State, Centre and Holy Cross as hard early season opponents, preliminary to the closing combination of three games with Princeton, Brown and Yale.
